#### **14. What are the 3 things that can be done to improve the class?**

1. More interactive and engaging class activities - This includes activities such as classroom discussions, group projects, and debates. Teachers can use different teaching strategies to make the class more interesting and interactive.
  2. Regular class tests and assignments - Many students suggested that regular tests and assignments can help them understand the topics better and prepare for exams. It can also help teachers assess the students' learning progress.
  3. Better student-teacher relationship and communication - This involves establishing a good rapport between teachers and students, being approachable and available to answer questions, and using effective communication techniques such as active listening and empathising. Teachers can also encourage cooperative learning and encourage students' participation in class.

#### **ANALYSIS AND ACTION TAKEN :**

1. Suggestions made by students for overall improvement of classroom experience noted and department teachers made aware of them.
2. Suggestions for more study tours and field trips from some studentsThe department has conducted field trips for the 6th Semester Honours class of 2022 and 2023, funded and sponsored by the teaching faculty of the department. Mention may also be made that one of the main barriers in carrying out such course related activities is a paucity of funds.
3. Suggestions for more classrooms and transport to be brought before the college authority.
